CIN: Computers, Informatics, Nursing • Vol 23, No. 6, 347–351 • © 2005 Lippincott Williams & Wilkins, Inc.

Subject Index to Volume 23, 2005

Note: Page numbers ending with S indicate the May/June supplement.

A
Alliance for Nursing Informatics, 1, 292
Attitudes
  toward computerized clinical documentation, 132
  toward computers in healthcare, electronic medical records planning process based on, 85
  toward electronic patient record systems, 139
Autonomic nervous system, heart rate variability analysis of, 335

B
Back pain, chronic, Web-based touch-screen computer assessment of, 275
Blogs, in nursing education, 16
Brailer, David, meeting with, 162

C
Canadian Nursing Informatics Association, Nursing Informatics eRounds offered by, 178
Cancer
  children with, caregivers of, Internet resource for, 265
  online support groups for caregivers and, 38
Careers, Chief Information Officer position and, 201
Caregivers
  of children with cancer, Internet resource for, 265
  online support groups for, 38
Caring Connection Web site, 265
Cars, cell phone use in, 298
Cell phones, use in cars, 298
"Cherry Ames" nursing books re-release, 298
Chief Information Officer position, 201
Child abuse, telemedicine for assessment for, 127
Children with cancer, caregivers of, Internet resource for, 265
Chronic diseases, management of, 296
Chronic illness, social support in cyberspace and, 7
Clinical documentation, computerized, impact of, 132
Clinical judgment skills, human patient simulator to teach, 256
Clinical practice guidelines, redundancy in computer-generated order list and, 73
Clinical setting, electronic data-collection tools in, 243
Communication, international, via Internet, 207
Community health nursing, mobile computing in school program and, 153
Computer competence, NCLEX-RN and, 241
Computerized comprehensive nursing exam, predicting success on NCLEX-RN with, 4S
Computerized physician order entry, weight-based drug infusion concentrations in neonatal intensive care unit and, 100, 113
Concept development, of nursing information, 93
Copyright, of multimedia content online, 120
Critical care
  concept development of nursing education and, 93
  multimethod approach to evaluating information systems in, 27

Curriculum, predicting success on NCLEX-RN with computerized comprehensive nursing exam and, 4S

D

Data-collection tools, electronic, in clinical setting, 243
Decision making, group, electronic meeting system and, 46
Decision support systems, clinical, redundancy in computer-generated order list and, 73
Distance education
  indicators of success in, 68
  interdisciplinary collaboration for Web-based courses and, 308
  pedagogical principles in online nursing research course and, 146
Documentation. *See* also Electronic medical records
  clinical, computerized, impact of, 132
  mapping into Nursing Interventions Classification system, 220
Drug infusion concentrations, weight-based, computer-supported, in neonatal intensive care unit, 100

E

Economics, potential savings using information technology, 295
Education. *See* Distance education; Health education; Nursing education; Sex education
Electronic data-collection tools, in clinical setting, 243
Electronic medical records
  nurse attitudes toward, 139
  planning process for, based on staff attitudes toward and opinions about computers in healthcare, 85
  value of expanding use of, 296
Electronic meeting system, group decision-making process and, 46

F

Fair use, of multimedia content online, 120
Focus groups, synchronous computer mediated group discussion and, 330

G

Games, Web-based, for online education, 237
Group decision making, electronic meeting system and, 46
Group discussion, computer mediated, synchronous, 330

H

Handheld devices
  recording medical outreach data on, 250
  in school program, 153
Healthcare Computing 2005, 115
Health education, generating tailored messages for, 316
Health Education System, Inc. (HESI) exam, 10S
  fourth annual validity study of, 28S
  predicting NCLEX-RN outcomes using, 4S
  predictive accuracy of, 16S
  progression and remediation policies and, 46S
  progression benchmark and remediation guide and, 49S
  reliability and validity overview of, 39S
  successful remediation following repeated failures on, 54S
Health Information technology coordinator, meeting with, 162
Heart rate variability, analysis of, 335
Home, nurses' role in installing telehealth technology in, 181
Homeless people, recording medical outreach data on personal digital assistants and, 250
Human patient simulator, to teach clinical judgment skills, 256

I

Identity Auditor, 116
Indiana University, Web course schedule at, 64
Informatics competencies, importance in nursing, 106
Information management, computerized, for institutional review boards, 190
Information systems
  critical care, multimethod approach to evaluating, 27
  point-of-care, redundancy in computer-generated order list and, 73
Information technology, cost savings potential of, 295
Institutional review boards, computerized information management for, 190
Interdisciplinary collaboration, for Web-based courses, 308
Interface, user satisfaction with, 301
International Student Design Competition, 177
Internet
  interdisciplinary collaboration for Web-based courses and, 308
  international communication via, 207
  resource for caregivers of children with cancer on, 265
  Web-based games for online education and, 237
  Web-based touch-screen computer assessment of chronic low-back pain and, 275
Internet Consequences Scale, 285
Intranets, Web-based games for online education and, 237
IQ Swift, 117

J
Joint Commission on Accreditation of Healthcare Organizations (JCAHO), Healthcare Information Technology Advisory Panel established by, 297

K
Korea, effects of CD-ROM program on sexual knowledge and attitude in, 214

L
Low back pain, chronic, Web-based touch-screen computer assessment of, 275

M
Mapping, into Nursing Interventions Classification system, 220
Medical outreach data, recording on personal digital assistants, 250
Medical records. See Electronic medical records
Medication errors
  with computerized physician order entry, 113
  reducing, 295
Minnesota Nursing Informatics Group 2005 conference, 175
Misys Nursing Informatics Scholarship, 115
Mobile computing, in school program, 153
Multimedia content online, fair use of, 120

N
National Science Foundation, grant for development of robotic surgical instrument server, 5
NCLEX-RN
  computer competence and, 241
  predicting outcomes of. *See* Health Education System, Inc. (HESI) exam
  readiness preparation for, 322
Neonatal intensive care unit, weight-based drug infusion concentrations in, computer-supported, 100, 113
Nursing education
  blogs in, 16
  electronic meeting system and, group decision making and, 46
  fair use of multimedia content online and, 120
  human patient simulator to teach clinical judgment skills in, 256
  indicators of success in distance education and, 68
  informatics competencies in, 106
  pedagogical principles in online nursing research course and, 146
Nursing Informatics eRounds, 178
Nursing information, concept development of, 93
Nursing Interventions Classification system, mapping into, 220
Nursing research
  computerized information management for institutional review boards and, 190
  pedagogical principles in online nursing research course and, 146
  synchronous computer mediated group discussion for, 330

O
Ostia Smart Navigator, 63

P
Parasympathetic nervous function, heart rate variability analysis of, 335
Patient safety, improving, 295
Personal digital assistants
  recording medical outreach data on, 250
  in school program, 153
Pew Internet & American Life Project survey, 65
Physiological monitoring, heart rate variability analysis for, 335
PLoS Medicine, 3
Power Point, tips for, 245
Premature infants, weight-based drug infusion concentrations for, computer-supported, 100, 113
Public health, mobile computing in school program and, 153

Q
Questionnaires, tailored, generating, 316

R
Radiofrequency identification tags, for locating equipment, 178
Redundancy, in computer-generated order list, 73
Research. See Nursing research
Rich Site Summary (RSS) feeds, 164
Robotic surgical instrument server, National Science Foundation grant for development of, 5
Rural areas, social support in cyberspace and, 7

S
Sabacare Home Health Care Classification System, 2
Schools, mobile computing in, 153
Sex education, effects of CD-ROM program on sexual knowledge and attitude and, 214
Sexual harassment, effects of CD-ROM program on sexual knowledge and attitude in Korea and, 214
Sexual violence, effects of CD-ROM program on sexual knowledge and attitude in Korea and, 214

Simulator, to teach clinical judgment skills, 256
Social support, in cyberspace, 7
Software piracy, 5
Spam, 4
Staff attitudes, toward computers in healthcare, electronic medical records planning process based on, 85
Standardized vocabulary, redundancy in computer-generated order list and, 73
Sun Ray client devices, 116
Support for caregivers
of children with cancer, Internet resource for, 265
online support groups for, 38
Sympathetic nervous function, heart rate variability analysis of, 335

T

Technology Education and Copyright Harmonization Act, 120
Telemedicine
for assessment for child abuse, 127
nurses' role in installing telehealth technology in home, 181
Touch-screen computer assessment, of chronic low-back pain, 275
Travel nurse reality show, 180
Turkey, international communication via Internet and, 207

U

University of Maryland School of Nursing conference 2005, 233
Usability, user satisfaction with interface and, 301

V

Voodoo VIBE f:50, 63

W

Web-based education, fair use of multimedia content online and, 120
Weight-based drug infusion concentrations, computer-supported, in neonatal intensive care unit, 100, 113
Werley, Harriet H. award, 3
